Headlines: Student Printed 3D Prosthetics at the Open Lab

Pitt student Maddie McCrea took her interest in prosthetics to the Open Lab, where she worked with staff on 3D printing technology to create a prosthetic hand for an individual in need. Learn more about Maddie's life-changing project, as well as the resources and support available in the Open Lab, in our latest edition of Headlines.

The Teaching Center is Hiring!

We are now accepting applications for director of the Teaching Commons, a senior leadership position within the Teaching Center. This is an opportunity for an experienced leader who has a proven track record of providing innovative teaching support, successful use of instructional and learning technologies, and a broad range of faculty development programs. For more information and to apply online, visit the Pitt Talent Center.
