

Dr. George Luther is the Maxwell P. and Mildred H. Harrington Professor of Marine Studies at the University of Delaware in the College of Earth, Ocean, and Environment. After graduating with his PhD in physical/inorganic chemistry in 1972, he taught at the Kean College of New Jersey before moving to the University of Delaware in 1986. Since '86 he has held joint appointments in Delaware's Chemistry and Biochemistry Department, Civil and Environmental Engineering Department, and the Plant and Soil Department.
