Dear Colleagues,

We are writing you today soliciting help identifying candidates for our Research Experience for Undergraduates (REU) program in Chemistry and Biochemistry (broadly defined). Our REU program is unique in that we are focusing on providing students with disabilities a research and community building experience tailored to fostering success in graduate school and beyond. The REU program is scheduled from June 4, 2018 to August 10, 2018 at the University of Delaware. The application is due February 1, 2018. More information can be found here:
http://sites.udel.edu/seli-ud/ and on the attached flyer. If you have any questions please contact us at research-experience@udel.edu.

Sincerely,

Prof. Karl S. Booksh and Prof. Sharon Rozovsky
Department of Chemistry and Biochemistry
University of Delaware
