Subject: K-12 Science Teaching Jobs

Dear Dr. Grabowski,

Please consider forwarding this message about **K-12 Science Teaching Jobs** to your students!

Southern Teachers is holding a **Virtual Job Fair** on Friday, February 5, 2021. School administrators will be interviewing to fill hundreds of teaching jobs at this hiring event. The participating schools are the best private/independent schools in the South.

Our Virtual Job Fair is free for all active Southern Teachers candidates. Not an active candidate? **Apply today.**

Southern Teachers is the oldest teacher recruitment company in America. We work with over 650 schools around the South, helping them to find talented teachers and administrators.

Our services for candidates are free!

While formal teacher training in a college education department is helpful, private schools have significant latitude with certification and can typically hire candidates to teach in their major field of study. That is to say, you don't necessarily need an education degree or teacher certification to get a job.

Thank you for your consideration.

Have a happy and safe winter break,

Ali Buchanan | *Recruitment Coordinator*
