Apply Now for DOE Energy Storage Summer Internships

**EERE Energy Storage Internship Program**

**Deadline:** January 20, 2021 4:00PM EST

**Why should I apply?**
As a participant in the EERE Energy Storage Internship Program, you will gain a competitive edge as you apply your education, talent, and skills to research and development projects focused on energy storage. You will be under the guidance of a mentor who is a technical staff scientist or an engineer at a national laboratory. You will be able to establish connections with DOE scientists and subject matter experts that will promote long-term relationships between yourself, researchers, and DOE.

**Benefits**
- Stipends: Undergraduate students receive a $600 per week stipend. Graduate students and postgraduate students receive a $750 per week stipend.
- Housing Allowance: $150 per week for interns whose home location is more than 50 miles from the hosting facility
- Inbound/Outbound Travel Reimbursement: Up to $1,000 to/from assigned location for interns whose home location is more than 50 miles from the hosting facility.

Internships may result in a virtual placement due to COVID-19 impacts.

**Eligibility**
- Be a U.S. citizen.
- Be at least 18 years old by May 1, 2021.
- Meet one of the following conditions:
  - Recent graduate: Have earned an undergraduate or graduate degree in the past two years in a discipline related to energy storage.
  - Undergraduate Student: Be enrolled as a full-time student as a junior or senior at a U.S. accredited college or university during winter/spring 2021 and be pursuing a degree in a discipline related to energy storage.
  - Graduate Student: Be enrolled as a full-time graduate student at a U.S. accredited college or university during winter/spring 2021 and be pursuing a degree in a discipline related to energy storage.
