Subject: Carnegie Science Center & American Chemical Society Invite You to Join ChemFest this October 21-22, 2021!

Carnegie Science Center and the American Chemical Society would like to invite you to join us this October 21-22, 2021 for our National Chemistry Week celebration, ChemFest!

ChemFest is a two-day National Chemistry Week celebration hosted by Carnegie Science Center and American Chemical Society partners. And, this year ChemFest activities are set to return on-site to the Carnegie Science Center and will also be broadcast directly into classrooms! ChemFest is scheduled to take place from 9AM-3PM on Thursday, October 21st and Friday, October 22nd and will feature in-person and virtual exhibitor activities, career panels, demonstrations, and presentations that highlights this year’s theme: “Fast or Slow, Chemistry Makes It Go! (Reaction Rates).”

With that said, we are currently looking for STEM professionals actively working in chemistry or a chemical-related industry, and that are in varying stages of their careers and represent a wide array of backgrounds, to participate as exhibitors, career panel participants, and provide prerecorded virtual content during ChemFest.

If you are interested in learning more about these opportunities and would like register to participate in ChemFest, please complete the following registration form in full by Friday, October 1st: https://forms.gle/AZRXrVrZkoowLFpy9

If you have any questions regarding ChemFest, please do not hesitate to reach out to myself, Ms. Lorren Kezmoh at KezmohL@CarnegieScienceCenter.org, or Dr. Evonne Baldauff at EBaldauf@Waynesburg.edu.

We hope that you will consider joining us for ChemFest this October and have a wonderful weekend! 😊

Kindest Regards,

Lorren J. Kezmoh, M.Sc.
