Subject: [cirtl-announce] Mentorship and Work-Life Balance Workshops Filling Fast

The CIRTL Network

CENTER FOR THE INTEGRATION OF RESEARCH, TEACHING, & LEARNING

CIRTL's online workshops for the spring are filling up fast! If you're interested in equity and mentoring, or work-life balance, sign up now for a chance to attend these online offerings.

Questions about our programming? Contact us at info@cirtl.net.

Spring 2020 Online Workshops

Workshops have live, real-time online sessions and require independent work outside of those meetings. Workshops can have one, two, or three online sessions (multi-session workshops typically have one session per week). Registration is required; STEM grad students and postdocs from CIRTL institutions receive enrollment priority.

Developing Equity-Minded Mentors among Faculty and Researchers

Thursday 2/27: 2-3:45PM ET / 1-2:45PM CT / 12-1:45PM MT / 11AM-12:45PM PT
Get an introduction to effective mentoring skills and learn how to apply an equity framework to mentor-mentee relationships in this one-part workshop. 11 seats left.

Facilitating Work-Life Balance and Resilience

Tuesday 2/18: 1-2:30PM ET / 12-1:30PM CT / 11AM-12:30PM MT / 10-11:30AM PT
Examine your own work-life balance, identify your support systems, and sketch out steps you can take to foster your own resilience in this one-part workshop. 2 seats left.

Writing a Diversity Statement

Draft a diversity statement - sought after in job applications - that incorporates your own experiences and helpful strategies in this two-part workshop. At capacity.

Writing an Effective Teaching Philosophy Statement

Draft a peer-reviewed teaching philosophy statement that reflects your teaching beliefs and experiences in this two-part workshop. At capacity.

This Week

Introduction to Teaching at a Community College: Attend our drop-in online event this Thursday (1/30) to hear a panel of faculty discuss working in community colleges.
