Senior Education Research Consultant
Submitted by Stephanie Bohn on Wed, 08/17/2016 - 9:43am
Institution:
Johns Hopkins University
Job Location:
Baltimore, MD
Website for More Information:
https://jobs.jhu.edu/jhujobs/jobview.cfm?reqId=309861&postId=10471

Job Description and Details:
The education research consultant will lead the CER's scholarship of teaching and program assessment initiatives. This will
include consulting with CER staff, faculty, and senior leaders (e.g., Vice Provosts, Vice Deans) on writing grant proposals. The
research consultant will be responsible for designing research methods and assessment plans, collecting and analyzing data, and publishing on the results. This may include coordinating with staff or supervising graduate students assisting on the project. The research consultant will also participate as a facilitator in the CER's training programs by leading workshops on evaluation best practices and teaching-as-research methods. The CER manages the University's Teaching Academy – a professional development program for graduate students and post-doctoral fellows who aspire to academic positions with instructional responsibilities. The research consultant will support this initiative by consulting with and mentoring graduate students and post-doctoral fellows completing teaching-as-research projects. The position reports to the CER director.

Qualifications:
Education and Experience
1) 3+ years' experience leading program assessment or educational research activities
2) Master's degree in related field (education research, applied math, social sciences, discipline-based scientific education) required; PhD strongly preferred. 3) History of publishing in peer-reviewed journals, preferably on the scholarship of teaching and learning. Skills and Knowledge
1) Ability to collaborate effectively with diverse constituencies of faculty, graduate students, postdoctoral fellows, and staff across academic divisions
2) Experience writing and securing grants
3) Demonstrated knowledge and practice in quantitative and qualitative research methods including advanced statistical methods used in education or social science disciplines
4) Exceptional organizational skills
5) Strong written and oral communication skills
6) Teaching experience at the university level strongly preferred
7) History of participation in professional organizations that focus on educational research

Additional Comments:
Note: The Sheridan Libraries and University Museums are strongly committed to diversity. A strategic goal of the Libraries and Museums is to work toward achieving diversity when recruiting new staff and promoting existing staff. The Libraries and Museums prize initiative, creativity, professionalism, and teamwork. For information on the Sheridan Libraries, visit www.library.jhu.edu. For information on Evergreen Museum and Library and Homewood Museum, visit www.museums.jhu.edu.

Job Posting: Senior Education Research Consultant, Johns Hopkins University
Submitted by Stephanie Bohn on Wed, 08/17/2016 - 9:40am

The Center for Educational Resources (CER) in the Sheridan Libraries of Johns Hopkins University is the instructional innovation center for the faculty and graduate students of the Krieger School of Arts and Sciences and the Whiting School of Engineering. It is also the training center for all university doctoral students and postdoctoral fellows who seek academic careers with teaching responsibilities.
